## EXPERIENCE

### WEB DEVELOPER INTERNSHIP

WeHire, Ariana

June 10, 2024 - July 10, 2024 (1 month)

- Development:** Created and maintained an interactive portfolio using Next.js, React, MongoDB, and Tailwind CSS.
- Visual Design:** Designed mockups and custom logos/SVGs using Photoshop and Illustrator.
- Animations:** Added animations with Framer Motion for a dynamic interface.
- API Testing:** Validated CRUD APIs through Postman to ensure reliability.
- Email Integration:** Set up an email system using React Email and Resend.
- Deployment:** Deployed on Vercel, managed DNS with GoDaddy, and integrated secure environments.
- Version Control:** Version control on GitHub.

### WEB DEVELOPER INTERNSHIP

KDH SPORT SERVICE, Bizerte

February 1, 2023 - April 30, 2023 (3 months)

- User Interfaces:** Created screens for different users (administrators, staff, coaches, and players) in a football club management application using Nuxt.js and Vue 3.
- Performance Tracking:** Designed interfaces to display player statistics.
- Event Planning:** Developed interfaces for managing matches and groups.
- Modern Design:** Used Tailwind CSS and HeadlessUI for a modern, responsive design.
- Collaboration:** Managed code with Git and GitHub to streamline team collaboration.

### MOBILE DEVELOPER INTERNSHIP

STIM, Sfax

July 1, 2021 - July 31, 2021 (1 month)

- Mobile Application:** Created the "Choufli Taxi" app using React Native, gaining expertise in mobile development.
- Key Features:** Integrated Google Maps API, routes, and Google Places autocomplete, enhancing user experience.
- Problem Solving:** Applied skills to overcome technical challenges during development.
- Research and Improvement:** Explored best practices and trends in mobile app development to optimize project outcomes.
- Data Management:** Successfully migrated data from Excel to Access, improving efficiency and data accessibility.
